Health Care Collaborative of Rural Missouri
Mission:
Cultivate partnerships and deliver quality health care to strengthen rural communities.
Health Care Collaborative of Rural Missouri and Live Well Community Health Centers Community Health Workers

We currently have seven Community Health Workers which have completed the CHW Certification online class through State Fair Community College and Ozark Technical College. Two of the CHW’s are located on the Network side, three in our clinics and two in our school based telehealth clinics.
Assessment Tools Used

PRAPARE Form

(Protocol for Responding to Assessing Patients Assets, Risks, and Experiences)
Health Care Collaborative of Rural Missouri

We focus on the Social Determinants of Health for all of our patients and clients.
We fill out a PRAPARE form annually on all of our patients and enter the information into our Electronic Medical Record (ECW).
By entering the information into ECW the data can then be pulled into Azara DRVS by our organization and the Missouri Primary Care Association.
Common Resources Needed

340B Discount Prescription Drug Program
Transportation
Social Determinants of Health Needs
  ie: personal hygiene items, laundry detergent, mattresses, bedding, etc.
Medicaid/Medicare/Food Stamps/ACA
Difficult Resources to find

Housing
Utility Assistance
Prescription Drug Assistance
Overnight stays for homeless
HCC has a 7,500 square foot warehouse located in Lexington that has a loading dock where we glean items that would otherwise go into the landfill.
I don’t mean trash, I mean laundry detergent, body wash, shampoo, conditioner, lotion, beds, mattresses, durable medical equipment, etc. Things that can’t be purchased with food stamps.
Everything that comes into our Warehouse is free and everything that goes out is free. Your organization must be a Network Member of HCC to access the warehouse.
Health Care Collaborative of Rural Missouri
